If you are aged 19 at the start of the course, unemployed and not in receipt of benefits, or employed and earning over £17,374, you may be eligible for assistance with your tuition fees from the College Bursary fund. Bursary funds are targeted at households with a net income of under £25,000. If you are assessed as being eligible for a bursary award to assist with your tuition fees, the award will not exceed 75% of the fee payable and you will be responsible for paying the balance of the fee. Students of all ages can apply for assistance from the bursary fund for other course related costs, such as transport, meals, books and equipment. The bursary fund cannot assist with any general living costs nor can it be used as an attendance incentive. Applications to the fund are not normally considered if the household income exceeds £25,000 but may be considered in some instances if the household is experiencing severe financial hardship. When can I apply? 16-19 and 19+ Bursary Fund applications for courses starting in the 2022/23 academic year will be open from June 1st 2022. For courses starting in September 2022, applications should be made by 1st November 2022. If you find yourself in financial hardship after this date it is important that you still contact Student Services. Applications received after 1st November will be considered on a pro-rata basis subject to need and the availability of funds. Full details of the bursary funds can be found here: ISBN9781846907197 Author(s) Debra Gray, Tracey Lilley Language: English Publisher: Pearson Education Limited Edition: August 2010 Edition 1 Related: 9781846907203 - Edition 1 View all 104 revision notes of BTEC Level 3 National Public Services Student Book, written by Debra Gray, Tracey Lilley.
